

Urban “easy-does-it” Hard Surface Cleaner

Description

Urban “easy-does-it” Hard Surface Cleaner blasts through even the toughest compacted dirt to see floors, walls, doors and buildings actively clean. This super-wet biocide free cleaner cleans to the core of the stain, severing the bond between contaminant and substrate to actively break the bonds of adhesion and facilitate the effective removal of dirt. Once cleaned the surface is left super-clean and more resistant to future soiling. Urban “easy-does-it” Hard Surface Cleaner is perfect for those heavy cleaning jobs where stubborn dirt, grease and grime are hardest to remove in places like garages, kitchens, warehouses and public toilets, anywhere that clean appearances really matter. For heavy soiling and deep cleaning, compacted dirt, grease, oil, rubber, paint and rust.

Advantages

- Hard surface and hard floor cleaner
- For heavy soiling and deep cleaning
- Cleans oil, grease, paint and rust
- In ready to use 5ltr jerry cans
- Non-toxic and non-hazardous
- Low VOC – Biocide Free – Taint Free
- Blasts through heavy grease and grime
- Leaves all surfaces super-clean
- Penetrates to core to lift dirt and soil
- Our number one hard surface cleaner
- For concrete, wood, plastic and vinyl
- Can be used with floor scrubbers
- Suitable for mopping systems
- Leaves surfaces actively clean

Description for use:

1. For best results, use above 3C.
2. Remove as much excess dirt as possible.
3. Spray the ready to use product onto the surface.
4. Leave for 1 minute for general cleaning and up to 10 minutes for heavy soiling.
5. Agitate with brush, cloth or scraper, as necessary.
6. Wipe clean, or rinse with clean water.

N.B - Can be used with floor scrubbing machines

Caution - Do not let the concentrated material sit on painted or finished surfaces. Keep out of reach of children. Refer to MSDS for further information.
