

Urban "easy-does-it" Multi-Surface Cleaner

Description

Urban "easy-does-it" Multi-Surface Cleaner is an advanced hard surface cleaner, suitable for cleaning Urban "easy-does-it" flooring systems as well as other hard surfaces including concrete, stainless steel, wood, ceramic, rubber, plastic, vinyl and safety floors. Urban "easy-does-it" Multi-Surface Cleaner is non-toxic and non-hazardous, it is taint-free and has zero VOC's. The material is safe to use in food preparation areas.

Urban "easy-does-it" Multi-Surface Cleaner works at the surface/contaminant interface. When dirt adheres to a surface, the surface tension created can resist the efforts of standard cleaning agents to remove it. Active agents break through the surface tension and penetrate to the core of dirt to break the bonds holding the dirt to the surface. The released dirt can then be easily removed by flushing, rinsing or suction leaving surfaces so clean they resist the build-up of fresh dirt. Because more dirt is removed, super-clean surfaces are achieved without the use of biocides.

Benefits

- Ready to use Multi-Surface Cleaner
- Suitable for all multi-purpose cleaning
- Strong and safe cleaning product
- Unperfumed taint-free cleaner
- Sold in ready to use 5ltr jerry cans
- For interior or exterior surfaces
- Solvent-free cleaning solution
- Non-toxic – Non-Hazardous – Zero VOC
- Advanced Multi-Surface Cleaner
- Super-wet cleaning technology
- Works at surface/contaminant interface
- Highly recommended for floors
- Quick-acting cleaner and degrease
- Cleans walls, floors, doors and surfaces

Directions for use

1. For best results, use above 3°C
2. Remove as much excess dirt as possible.
3. Spray the diluted product onto the surface.
4. Leave for 1 minute for general cleaning and up to 20 minutes for heavy soiling.
5. Agitate with brush, cloth or scraper, as necessary.
6. Wipe clean, or rinse with clean water.

Packaging

Urban "easy-does-it" Multi-Surface Cleaner is supplied in 5 litre packs or 0.5 litre sprays.

Caution: Do not let the concentrated material sit on painted or finished surfaces. Keep out of reach of children. Refer to MSDS for further information.
