

easy-does-it: Window and Tile Cleaner

SECTION 1: Identification of the substance/mixture and of the company/undertaking	
1.1. Product Identifier	
Product name	Urban "easy-does-it" Window and Tile Cleaner
1.3. Details of the supplier of the safety data sheet	
Company	Urban Hygiene Ltd
Address	Urban Hygiene Ltd. Sky Business Park, Robin Hood International Airport, Doncaster, South Yorkshire, DN9 3GN England
Web	www.urbanhygiene.com
Telephone	+44 (0) 1302 623193
Fax	+44 (0) 1302 623167
Email	enquiries@urbanhygiene.com
1.4. Emergency telephone number	
Emergency telephone number	+44 (0) 1302 623193 9.00am – 5.00pm Mon-Fri
SECTION 2: Hazards identification	
2.1. Classification of the substance or mixture	
Classification under CLP:	This preparation is not classified as hazardous. The following safety phrases apply.
2.2. Label elements	
Label elements:	S2- Keep out of reach of children S24/25- Avoid contact with the skin and eyes

SECTION 3: Composition/information on ingredients	
3.1. Substances	
Chemical identity:	Urban "easy-does-it" Window and Tile Cleaner
Component:	2-Butoxyethanol CAS No. 111-76-2, Propan-2-ol, CAS No.67-63-0
Concentration range:	Less than 12.5%, Less than 3.5%
Classification:	None (greater than 12.5% Harmful), None
SECTION 4: First aid measures	
4.1. Description of first aid measures and treatment needed	
Skin contact:	If soreness or irritation occurs as the result of skin exposure, wash the affected area with clean running water for at least 15 minutes. If symptoms persist seek medical advice.
Eye contact:	If the material is splashed into the eye, wash the affected eye with clean running water for at least 15 minutes. Seek medical advice.
Ingestion:	If material is accidentally swallowed, do not make patient vomit, seek medical advice. This information should be taken with the patient when seeking medical advice.
Inhalation:	Move patient to fresh air. If patient is unconscious, place in the recovery position and seek medical help immediately.
SECTION 5: Fire-fighting measures	
5.1. Extinguishing media	
No special measures are required for fighting a fire involving, or in the vicinity of this preparation	

SECTION 6: Accidental release measures

Spillages should be contained with a non-combustible adsorbent material and collected for disposal in accordance with the local regulations.

Spillages should not be allowed to run to surface waters.

Do not attempt to take action without suitable protective clothing - see section 8 of SDS.

SECTION 7: Handling and storage

7.1. Precautions for safe handling

No special storage requirements are required for this preparation. All chemical preparations should be stored securely where they cannot be interfered with or used by unauthorised persons.

SECTION 8: Exposure controls/personal protection

As with any solvent-based product, prolonged exposure of the skin may cause irritation and dermatitis.

Rubber or latex gloves should be used to protect the hands during use and suitable work-wear or overalls should be used to protect clothing and skin.

As with all solvent based products, approved eye protection should be used when handling this material.

Use only in well ventilated areas, if the OES is likely to be exceeded an approved respirator should be used.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

Appearance: Clear blue liquid

Odour: Slightly alcoholic

pH: Not applicable

Boiling point / range: No data

Melting point / range: Not applicable

Flash point: Not flammable Flammability

Flammable: Autoflammability Not applicable

Explosive properties: None

Oxidising properties: None

Vapour pressure: Not known

Relative density: Approx. SG 0.99

Solubility: Fully soluble

Partition coefficient: n-octanol / water not determined

SECTION 10: Stability and reactivity

This preparation is stable and generally unreactive.

SECTION 11: Toxicological information

The product is of low general toxicity.

This preparation may cause irritation to the eyes and mucous membranes. As with all solvent containing preparations it may be irritant to the skin. Any person with a history of skin sensitisation should take extra care when handling this preparation. Reducing the periods of skin exposure to any substance or preparation will reduce the risk of sensitization or other irritation occurring.

If exposure levels can not be directly measured a Biological Monitoring Guidance Value (BMGV) has been set for 2- Butoxyethanol of 240 mmol butoxyacetic acid/mol creatine in urine, the sample to be taken post shift.

SECTION 12: Ecological information

The exact ecological effects of this product are unknown but the solvents present may be marine pollutants.

SECTION 13: Disposal considerations

All waste produced by industry or commerce is subject to the Duty Of Care Of Waste Regulations. Empty containers should be washed with water before disposal.

SECTION 14: Transport information

There are no special requirements for the transport of this preparation.

Section 15: Regulatory information

The following safety phrases apply.

Contains 2-Butoxyethanol EC No. 203-905-0 Contains Propan-2-ol EC No. 200-661-7

S2- Keep out of the reach of children S24/25- Avoid contact with the skin and eyes

This substance is classified as a substance hazardous to health within the definition given in Regulation 2 of the COSHH Regulations. An assessment of the risks to health caused by the use of this substance and the other requirements of the COSHH regulations must therefore be made by any employer or self employed person using this preparation at work.

Section 16: Other information

No other safety information is applicable to the use of this preparation for its intended purpose.
